Scenario 6

ESCAPE FROM VELIKIYE LUKI

Rules Introduced: Section 49

VICTORY CONDITIONS
To win the Germans must exit three squads off the west edge of board 4. The Soviet player wins by preventing the German Victory Conditions.

SPECIAL RULES

6.1 Due to the boisterous nature of the Russian troops following the victory at Velikiye Luki, Russian units are not allowed to "grow" (25.3) concealment (?) counters.

6.2 Russian squads may move only if accompanied by a leader, or if they have "seen" an enemy unit. To see a unit, it must have a clear LOS to the enemy unit either within the Night Visibility Range or due to illumination by starshell. Observed gun flashes outside the Night Visibility Range do not free a Russian squad to move. Russian units never "see" a German unit while it is covered by a concealment counter, even though they may Area Fire against it.

Remnants of Co A, 2nd Bn, 277th Infantry Regiment; set up last in any full hex on board 1.

Elements of the 3rd Bn, 129th RIFLE Regiment; set up first on any whole hex of board 2 or 3.

AFTERMATH

The weakest part of the Soviet corridor lay to the Southwest in the area of the 129th Rifle Regt. There, a few groups were able to escape the ever tightening noose, although they came out in no way resembling a combat formation, but in one's and two's. Co. A of the 2nd Bn in their attempt, lost everyone save one squad and a few officers. Technically, it was a disaster of the first magnitude but the fact that somebody made it was a source, albeit a small one, of considerable hope for those who would face the same plight in the months ahead.

VARIATIONS

6A: Change North-South alignment of boards by rolling one die for each board. If die roll is even, place numbered edge to North.

6D: Optional upon agreement of both players.
